

Lenco

**EXPERTISE
SINCE 1946**

Autumn 2023

At Lenco, we are dedicated to creating high-quality products at a fair price. We proudly introduce our 'Expertise' line, inspired by our legacy since 1946, where we have consistently delivered innovative turntables and hi-fi products to our valued customers. Our Expertise line showcases our finest turntables and radios, featuring the latest technologies, premium materials, and superior cartridges. The same level of excellence extends to our radios, with high-quality materials, outstanding specifications, and warm, crystal-clear sound. All of this is designed to delight the eyes and ears of the most enthusiastic music lovers.

Lenco[®] by **commaxx**
GROUP

Lenco has been synonymous with Swiss engineering precision in the Hi-Fi and consumer electronics field for more than 75 years. Lenco distributes a complete range of “smart-choice” consumer electronics products, including turntables, radios, speakers and much more, which are manufactured in the company’s facilities using the latest in modern technology. We offer electronics products for young and old that can be used at any time by people of all ages and in all phases of life.

All Lenco products are characterised by innovative design and a hint of nostalgia in a modern package that is both user-friendly and offers great value for money.

www.lenco.com

Commaxx is a world leader in the development and sale of smart choice consumer electronics to national and international retailers and importers under various brands. The number of countries in which the Commaxx brands are represented is still growing.

Since our foundation in 1994, we have built long-term relationships with our customers through a proactive policy. We believe in enthusiasm, no-nonsense, professionalism and loyalty in our collaborations. The lines of communication are short and there is intensive cooperation between the various disciplines. Currently, Commaxx has five offices in four countries: the Netherlands, Germany, Denmark and Hong Kong.
